## IT SOLUTIONS

Can you afford a sudden loss of your company's data?

Your company's data is a critical asset; any loss can destroy the business. Industry analysts report that 50% of businesses that lose their data never fully recover, and of those businesses that stay open, 90% end up failing completely within two years. It's easy to see how important it is to have a business continuity plan available!

TierTek's TekSafe helps eliminate the threat and worry caused by loss of data. TierTek reduces computing downtime and keeps your business up and running. We help protect you from data loss on a 24x7 continuous basis.

TierTek's TekSafe solution has the following benefits:

- Full assessment of your business critical data requirements
- Complete disaster recovery design and implementation
- Complete documentation of your new disaster recovery plan
- Remote Monitoring and reporting
- Total support for your backup & recovery needs 24x7x365
- Monthly disaster recovery testing solutions available

Why put your data at risk any longer! Call TierTek today.
